# DAY CHARTERS FROM PALMA

With 8 hours aboard, there are plenty of stunning bays and beaches to explore from the comfort of Paladio motor yacht.

Here we have given a few options, getting to our destination is always weather permitting, as we want you to enjoy the best time you aboard with us.

## 1 CALA PORTALS VELS

A remote sandy cove on the south west coast of Mallorca. The beach is 30m long, sporting white sand and a very relaxed atmosphere. The beach backs onto a pine tree forrest, giving it a stunning setting. There is a restaurant on the beach where you can enjoy your lunch, or simply request a lunch of your choice to be served aboard the yacht.

## 2 ISLAS MALGRATS

A marine nature reserve since 2004, the Malgrats Islands consist of 2 islets that are off the south west coast of Mallorca. A unique place that can only be reached by boat. A sunken vessel 400m from the islets makes it something of a divers paradise, as it has formed an artificial reef.

Kayaking and paddle boarding have also become popular ways to discover the rugged beauty of these two small gems.

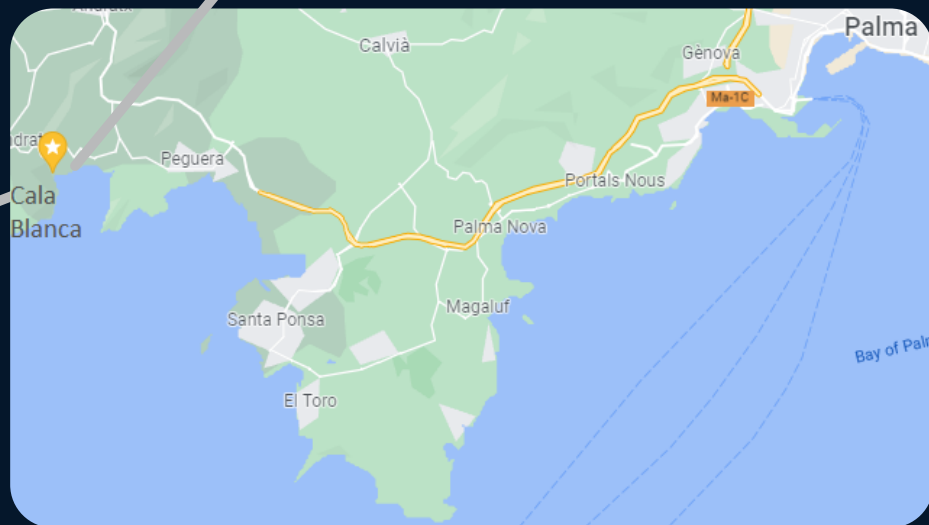

3

## CALA BLANCA

A beautiful bay in the form of a 'V' gives good shade from the elements of the open sea. It lays beneath the pines at the foot of Sa Talaia. With extraordinary views of the rugged, wild coast line, this is a peaceful little hide-away. The crystal clear waters make another great spot for scuba diving or snorkelling. There are no restaurants in this bay, so either enjoy your lunch aboard the yacht, or take a pic-nic ashore to enjoy at the waters edge.

4

## CALA D'EGOS

A hidden gem just west of Port Andratx, a totally remote beach, only accessible by boat or by a long steep hike, so the beach is generally quiet. The backdrop of the beach has a steep incine of pine trees and scrubland.

Again the crystal waters and hard access makes it a favourite for boats to anchor and pass the day away on Mallorca's most exclusive coast.

5

## SANTA PONSA

Is a lively tourist area 20km west of Palma. The coast area is made up of 2 beaches, 'Playa Grande' and 'Playa Pequeña', both can get really busy during the summer months. The main beach is 1300m long and has a variety of restaurants and kiosks where you can relax and have a nice drink or bite to eat. There are a variety of water sports available in this area, which we can arrange for you to enjoy whilst on charter with us.

## 6 CALA PI

Sailing west of Palma, this little inlet has a 45m long beach with a lovely kiosk on it. The inlet is surrounded with pine trees and there is a small boating berth to one side. The water is shallow quite a way from the beach meaning the yacht will not get right next to the beach, however, it is a lovely place to take in the sights and enjoy the buzz coming from the beach.

A nice bay to kayak and paddle board around.

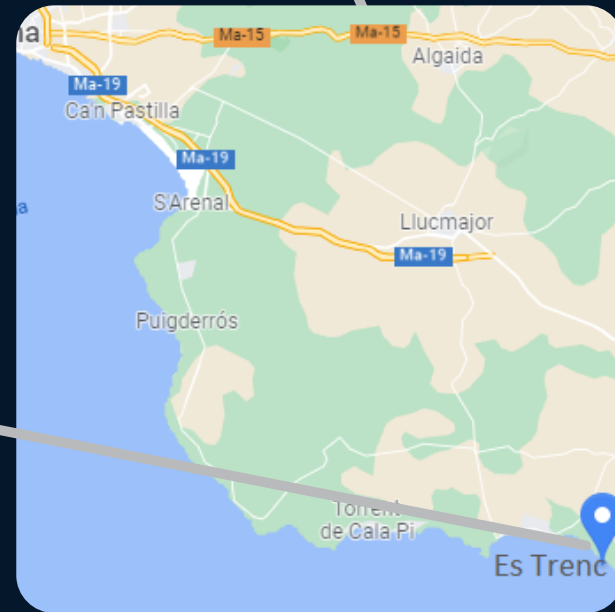

## 7 PLAYA ES TRENC

Located in the south of Mallorca, this beach is more than 2km long. It is very popular with the locals at the weekends, but it is even nicer to enjoy from the comfort of the yacht.

The beach is generally untouched as it has become a national park, so no big hotels line it's water front. A lovely escape from the hustle and bustle of the city. There are no water sports in this area, but a great place for swimming and snorkeling.

## WATER SPORTS

\*\*\*\*\*

Sports equipment onboard:

- 6 pairs of fins (sizes 43, 41x2, 37x2, 34)
- 7 Snorkel sets
- 4 Paddle Surf
- 1 Donut for children
- 1 set of child's water-skis
- 1 adult-sized wake board

\*If there is something else that does not appear in the list we can try to source it for you either to rent by the day or for the full duration of your stay aboard with us.
